			Hybrid Parents	×	(new / old)		

Note

- 1) Please fill in the bordered area with the bold line only.
- 2) You must provide address, name, and phone number. (Personal information is not used other than OIOS purposes)
- 3) Please provide precise information on species name and crossed parents' names of potted flower and cut flower you register
- 4) Please provide the individual plant name if you register for the Certification Division.
- 5) Names of orchid genus and species have been changed again in June 2009. If possible, please register with the new names genus and species by referring to the internet resources. Although the entries with old names are also accepted, please refrain from using the 2007 revision.
 [Helpful Internet search website] Royal Botanic Gardens, Kew ----- <http://www.kew.org/wcsp/monocots/>
 Royal Horticulture Society----- <http://apps.rhs.org.uk/horticulturaldatabase/orchidregister/>
 Please circle New or Old in the column of `resisterd name' in the table.
- 6) For the individual and group entries, please fill the plant label precisely, and keep it on the plant securely in order to avoid
- 7) Please submit this form with your plant when you bring in or send off. (Do not send this form and plant separately.)
