

## Free rental of “oto enpitsu (voice pen),” a multilingual audio guidance device

---

Using the audio guidance device, you can listen to descriptions of typical buildings in the park.

You can select the language from among Japanese, English, Chinese, and Korean. You will start hearing the guidance if you place the tip of the voice pen on a location on the map.

If you wish to use a voice pen, please inquire with a staff working at the General Information Center (B1 floor of Suimuikan).

\* We have a limited number of the devices for rent.

\* We do not accept reservations for this device.

\* When it is raining, we do not rent these devices for safety reasons.
