OCEAN EXPO PARK

Tropical flowers blossom in a building that looks like an ancient monument. Corridors circle the gallery. The observatory where you can get a panoramic view of the blue shining East China Sea. All of these will help you have an elegant and extraordinary time, apart from your busy everyday life. We will give you that special experience, like a dream that you don't wake up from.

PARADISE of PLANTS

The Chura Island paradise will set your senses free.

Elegant and sweet-smelling orchids, bright-colored tropical flowers, and tropical fruits that grow in abundance.

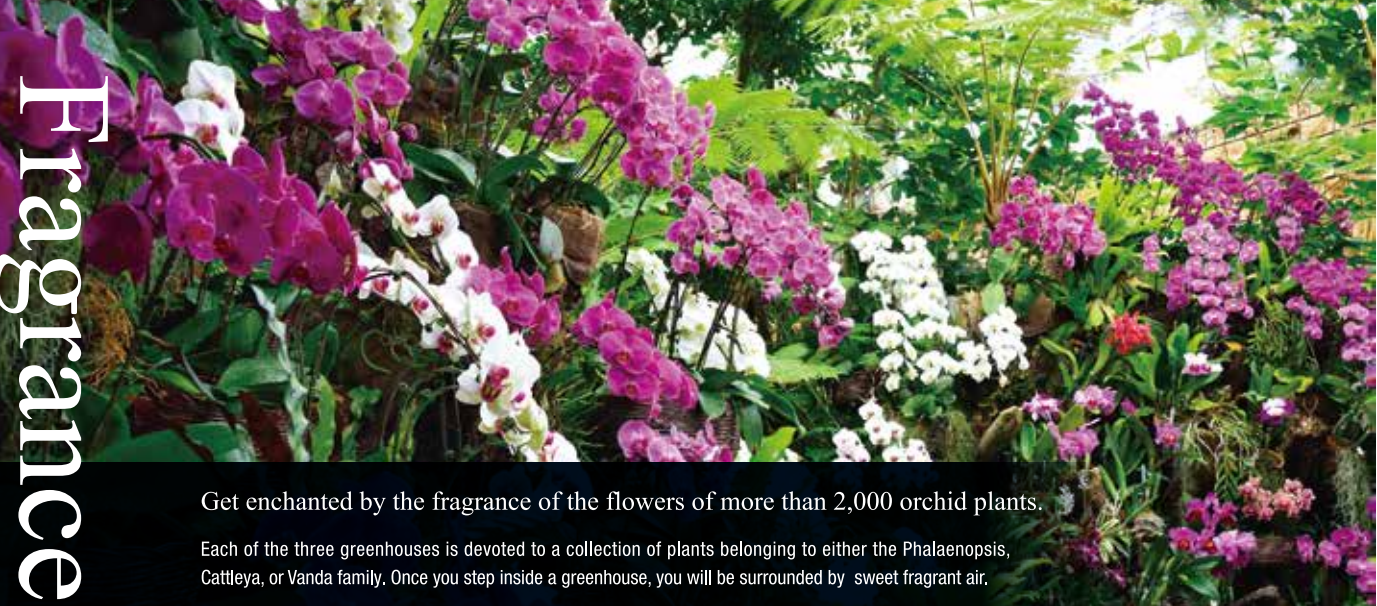

The scenery that spreads right before your eyes is like the opening scene from a story full of rich tropical atmosphere.

This is the beginning of a short trip that will stimulate your senses.

We hold all kinds of special exhibitions that highlight each season, such as the nation's biggest exhibition of orchids and a tropical fruit exhibition.

Fragrance

Get enchanted by the fragrance of the flowers of more than 2,000 orchid plants.

Each of the three greenhouses is devoted to a collection of plants belonging to either the Phalaenopsis, Cattleya, or Vanda family. Once you step inside a greenhouse, you will be surrounded by sweet fragrant air.

Touch

Feel the diversity of plants.

The strong and sturdy baobab trees, ferns and insectivorous plants that grow in the shaded corners of forests, and many other kinds of plants are waiting for you.

Listen

Listen and learn about the wonders of plants and discover.

We also have a PDA rental service to let you tour through the greenhouses with a voice guide.

Taste

Taste some of our delicious foods with a nice view of the tropical scenery.

Choose from our innovative menu at café Squall, and enjoy the tropical scenery.

See

See the strength of these plants that have evolved in unique ways.

You will find hygrophytic and aquatic plants, as well as tropical fish and butterflies all living together in this greenhouse. Sometimes, birds that fly freely in the sky will stop by to rest and play in this tropical space.

1 Stained glass hall

The stained glass, designed to create the image of the sea in Okinawa, will take you to a world of dreams.

2 Croton patio

Enjoy the different colors and shades of croton leaves.

3 Phalaenopsis greenhouse

Different species of phalaenopsis, also called "butterfly orchids", are on display.

4 Vanda greenhouse

Different species of vanda, with flowers of blue and many other colors, are on display.

5 Cattleya greenhouse

Cattleya, known as the queen of flowers, will be waiting for you in full bloom. Enjoy the wonderful fragrance.

6 Fruit tree greenhouse

You can see many different types of tropical fruits, such as jackfruit, which is said to be the world's largest fruit.

7 Gallery

There are baobab trees which appear in the popular novel "The Little Prince" and other plants from the savanna.

10 Observatory

Enjoy the panoramic view of the tropical sea from the 36m tall tower.

12 Victoria greenhouse

Victoria cruziana and other tropical aquatic plants cover the water surface.

13 Lotus pond

You can enjoy the beautiful flowers of tropical lotus from the waterfront on a bench.

We also have fun events for families to enjoy!

Have fun making crafts with tropical plants.

You can enjoy the stamp rally!

You can move around Ocean Expo Park easily by electric trolley.
